

International Traveller Checklist

PLAN YOUR TRIP

- Review the latest travel restrictions, quarantine and testing requirements for international travel routes including transit requirements [here](#).
- Review your company travel policy.
- Review entry/exit requirements including arrival and departure forms and your eligibility to travel based on vaccination status for the destinations you are visiting.
- Visas – you may need to get a Visa before you travel to a foreign destination. Your travel team can support you with information relating to the Visa(s) required.
- Keep up to date with the latest travel alerts and changing conditions on your trip by downloading an itinerary app such as TripCase.
- Insurance – Make sure the insurance you purchase covers any special medical needs or risks you anticipate on your trip. Carefully check for coverage limits and exclusions around epidemics and pandemics like COVID-19.
- Passport – Apply several months in advance for a new passport.
- Airlines, Hotels and other suppliers may share pre-departure/ arrival information with you, please ensure you review this information.
- Register with Smartraveller [here](#).

TESTING AND PROOF OF VACCINATION

- Airlines require proof of vaccination using International Covid Vaccination Certificate (ICVC) (children 12+). We recommend requesting your ICVC at least 2 weeks before departure to allow for any unforeseen delays that may occur. **Find out how to get your certificate [here](#)**.
- Hotels may also request to check your vaccination status.
- PCR tests may need to be taken between 48 & 72 hours before travel - specific destinations, transits, and airlines (ticketing and actual carrier) have different requirements. **See [here](#)** for more information.
- Review your company travel policy to determine if PCR testing costs are covered.

DURING YOUR TRIP

- PCR Testing is required prior to travelling to most destinations, ensure you are familiar with the requirements based on your eligibility to travel.
- Review the latest travel restrictions, quarantine and testing requirements in destination [here](#).
- Airlines, hotels and other suppliers may require proof of vaccination status using the International Covid Vaccination Certificate (ICVC). Please have a printed copy handy.

RETURNING HOME

- Review entry requirements prior to your trip home as they may have changed since your departure.
- When returning to Australia please review the Smartraveller re-entry requirements [here](#).

Visit our [Ready To Travel Resource Hub](#) or call one of our Travel Experts on **1300 797 826** for the latest travel restrictions, quarantine and testing requirements for your trip.
